

Workshops are also available for larger groups either at our own or your venue. Please send me an email for full details.

As well as taking guests to Japan on Craft and Culture tours in Spring and Autumn each year, we have given talks and lectures for over 25 years too. Our talks are hands on. The talks have always been described as fun and friendly, we are very proud of that. There is always plenty to see and touch and our only proviso is copious cups of coffee and the odd custard cream.

**Titles include:**

Geisha a Fading tradition

What a carry on for a cup of tea

Kimono of Japan

Textiles of Japan

Japanese Culture

Japanese gift wrapping

We look forward to having a chat, Jill x

# FESTIVAL OF JAPAN WORKSHOPS AUTUMN 2023/24

## **Festival of Japan, Let's Learn Workshops**

We explore a host of techniques in all workshops. Your skill level is not important, everyone can learn something new. We have a great deal of fun throughout the workshops and before you know it you've produced amazing textiles, resin pieces and artwork. Drinks and biscuits throughout the day. Days start at 10am and end at 4.30pm. This includes a 30 minute lunch break at our local café and award winning chocolate shop..

I've been teaching for almost 30 years, so have gathered a great deal of tips and techniques throughout that time. Above all I love problem solving, so together we can have great fun. Richmond is a beautiful market town and the workshops are held on Aske estate. A private estate belonging to the Zetland family. Our workshop is 3 miles from Scotch Corner. If you would like to join our 2 day workshops, there are many lovely hotels and B & B's in the nearby villages.

**You will receive a 10% discount on any materials booked during your course and 10% off any future courses named here. This includes courses booked as gifts.**
